LEARNING FROM HOME PARENT GUIDE

HOW CAN I FIND THE WORK THAT'S MEANT TO BE DONE?

Your child's teachers will provide regular learning activities to be completed. Your child will do this via Google Classroom or Microsoft Teams. Each classroom will have a join code that can be used to gain access. Your child should know how and where to enter this code.

EVERY LESSON HAS WORK TO BE COMPLETED.

All teachers will continually provide work to be completed.

HOW DO ONLINE LESSONS WORK?

For year 7-11 students, an online lesson will most likely consist of a discussion, a resource to watch or read, an activity to complete and hand in online and an activity that helps teachers to gauge student understanding of the activity they have done.

NO ASSESSMENT TASKS FOR 7-10 STUDENTS

We will not be doing assessment tasks during the learning from home period. We will sort out tasks once we get back to school.

Year 11 and 12 students still have assessment tasks. Regular policies and processes will still occur.

ASK YOUR CHILD WHAT LESSONS THEY COMPLETED TODAY

ENCOURAGE THAT SCHOOL WORK BE DONE AWAY FROM BEDROOMS

Let them know that it's okay to feel anxious about the changes that are happening around them. Acknowledge they may want time alone. Understand that they may be frustrated at not being able to meet with friends.

DISCUSSION IDEAS FOR YOUR HOME

Their concerns for COVID-19. The positives of Social Distancing and Self-Isolation. How they are connecting with their friends. What they would like to do when life returns to what it was before.

ENCOURAGE EXERCISE AND WELLBEING ACTIVITIES EVERYDAY
